Learn how to:

- List and sell more homes!
- Get every seller to prepare their home for sale
- Use Barb's shortcuts to make it easy to get every listing Staged
- Learn Barb's proven Staging sayings to educate your sellers

*This 2-day training includes classroom instruction and an on-site
Home Staging field trip.*

Day 1

Learn how to focus on
using Home Staging as a
Real Estate Marketing tool.

Day 1 is in a classroom environment where you will learn the details of this proven program of Staging practices. The course teaches how to set professional policies and how to educate your clients so that they understand and value the Staging services that you perform. There are many before and after slides to teach creative problem solving skills that will help you make magic out of almost anything in the seller's home! Communication is crucial to your success, so the course will teach you how to educate the seller to do whatever is required to Stage their Home.

Day 2

Experience the "Magic" of
Transforming a Home with
ASP Staging!

In the morning of Day 2 you will have more detailed classroom training on Home Staging. The course shows you that Staging Magic is not about just "buying things" but rather how to work with what the homeowner already has and how to use your creativity to serve your client in the best way possible.

Then, in the afternoon your entire class will go to a home on the market and Stage it for a hands-on Staging Experience. At the end of the day you will receive your ASP Real Estate Agent Designation and Certification.
